**Yo-Yo Ma:** “Eldar Hudiyev is an extremely talented and technically accomplished musician of the highest order. His playing of classical repertoire is brilliant, but he has the extraordinarily unusual capacity to play authentically across multiple styles while remaining true to its style’s tradition. He is an ambassador for what our country aspires to be... and will make great contributions to America’s musical and cultural life. He is truly a beacon of light in the musical firmament.”

**Megan Tang, Student:** “Mr. Hudiyev taught me how to love, embody, and share music. Today, as a violinist of the Princeton University Sinfonia Orchestra, I still treasure Mr. Hudiyev’s advise.”
